Nicolette Brandstedt  
Interior Designer  
Gensler  
Chicago, IL

The new offices of **Studio Meng Strazzara** won the **2006 Patcraft Chandler Award for Design** for its contemporary aesthetics, exposed structure, brightly colored walls and finishes, generous use of glass and environmental sensitivities.

The choice of Patcraft's **FOOT IN THE DOOR** modular made with Eco Solution® Q nylon and EcoWorx® backing—a 100% cradle-to-cradle recyclable product—also helped the environmentally resourceful design claim a LEED® silver rating.
